Why Choose Hillcrest?

We understand there is no better place than the comfort of home to recover from an illness or receive personal care and attention.

Hillcrest is locally owned and operated. We've been enhancing the lives of aging adults for over 40 years, and you'll have peace of mind knowing that our exceptional team is one of the most trusted and experienced in eastern Nebraska.

*When you need care,
there's no place like home.*

SKILLED HOME HEALTH

Hillcrest Home Care's team helps you (or your loved one) return to your highest level of independence at home – including your independent or assisted living apartment, or wherever you call home.

Our team includes:

- nurses
- social workers
- physical therapists
- occupational therapists
- speech therapists
- home health aides

We specialize in skilled nursing, therapy, post-hospital care and chronic disease management. We work with your physician to develop the best care plan to meet your recovery goals, and based on that plan, our nursing and therapy professionals provide intermittent services to wherever it is you call home. We are always intensely focused on avoiding re-hospitalization because we know your best recovery happens at home. Our primary focus on every episode is to maintain the highest level of health and safety in your home.

Hillcrest Home Care is certified to accept Medicare and is contracted with most insurance companies to provide physician prescribed care.

TELEHEALTH SERVICES

Through special telehealth monitoring equipment provided to our clients, Hillcrest Home Care professionals can monitor clients' vital signs at home and eliminate unnecessary trips to a physician office or hospital.

Our equipment, manufactured by Philips, is easy to use in the comfort of your home. By receiving medical updates regularly, doctors and nurses can assess your status through this innovative program.
