Rock legend makes Hillcrest Hospice patient's dream come true...

Monica Roberts is a 57-year-old woman who has been battling cancer for two years. When she chose to transition to Hillcrest Hospice Care in May, her social worker asked Roberts if there were any outstanding "bucket list" items she wanted to accomplish. The one wish Roberts expressed was to meet her favorite rock star of all time, Mark Farner, original lead singer of the classic rock band, Grand Funk Railroad. After Farner turned away from the rock and roll lifestyle, became a born-again Christian and began a solo career, Roberts was very inspired by his Christian music. Farner's music has made such an impact on Roberts' life that she intends to have one of his songs played at her funeral.

So Kayla Rempe, social worker with Hillcrest Hospice, decided to take a chance and see if she would make that wish come true. She reached out to Mark Farner through his web page with an email explaining that Monica Roberts' last wish was to talk to him. She didn't expect a response, but a week later Rempe received a call from Farner's agent/wife to set up the conversation. They determined Skype was the best option, since Roberts is not able to travel and Farner is not touring near Omaha during the summer.

"I didn't tell Monica that I'd been communicating with the agent until I was sure that it would really happen," Rempe said. "I ended up breaking the news to her on her birthday! Monica was thrilled. Her daughter got married on Sunday, then she met Mark on Wednesday, so her week was very exciting!"

"He's just so down to earth," Monica said after talking to Mark for a half-hour on Wednesday. "It was amazing. I started tearing up and had to end the call. I don't think I'll ever get over this."

Grand Funk Railroad formed in 1969 as a trio with Mark Farner, Don Brewer and Mel Schacher. They enjoyed several hit songs, including "I'm Your Captain (Closer to Home)" and "We're an American Band." After disbanding in 1976, Farner began a solo career and transitioned into contemporary Christian music. He still performs the hits from Grand Funk's heyday when live in concert. Grand Funk continues to tour with original members Don Brewer and Mel Schacher, who re-established the band with vocalist Max Carl of 38 Special, former Kiss guitarist Bruce Kulick and keyboardist Tim Cashion.

From the Desk of Jolene Roberts

Dear Team Members,

As of July 1, Hillcrest Shadow Lake became our newest service line. This skilled nursing facility is located in Papillion and has been serving that community since 1972. We have now added the opportunity for 115 new residents to be served and 100 team members. As with any new service line we will be moving forward with operational changes gradually and as needed. As you meet the newest team members, please welcome them to the Hillcrest family.

I was very pleased to participate in yet another parade on behalf of Hillcrest. Wendy did a great job getting us organized and we ended the event with food, fun and fellowship at Jerzes. Thank you to everyone who contributed to this annual event and for showing the Papillion community that we are here to serve aging adults. The annual Arrows to Aerospace parade in Bellevue is August 20 at 9:30 a.m. Please consider your participation. We will celebrate afterwards at Lansky's here in Bellevue.

Thank you to each team member who took the time to respond to the annual team member survey. Yes, I read them ALL. And each year we generate new ideas and we work hard to implement as many of those new ideas as we possibly can. This year we will incorporate your responses to the annual survey along with the brain mapping that Administrators are holding in regards to the Employer of Choice Initiative.

Each Administrator is holding "brain mapping" or idea generating meetings for all team members to have input into our Initiative #2, which we call Employer of Choice. This initiative now has six components:

- Professional Development
- Culture
- Relationships and Team
- Community Involvement
- Enrichments
- Personal Wellbeing

All team members will be invited to share creative and innovative ways in which we can execute tactics that provide for an engaged workforce to feel great about their work, their jobs and being highly engaged team members. I am really

My Way

The creation of a high quality dementia care system wide has been a Vision-related initiative for several years. There is a subcommittee referred to as the Dementia Care Coaching Team that has been working diligently toward implementing strategy and tactics to meet the initiative. The members of this subcommittee are:

- Dr. Anna Fisher - Leader
- Kristina Hilton, PT - Hillcrest Home Care
- Chris Atwood - Resident Services Director - Hillcrest Grand Lodge AL
- Laura Mayer - Senior Director of Assisted Living - Hillcrest Grand Lodge
- Grace Knott - PT, Administrator - Hillcrest Physical Therapy
- Lisa Summers - Administrator, Hillcrest Mable Rose
- Jolene Roberts, CEO, Hillcrest Health Services

This subcommittee is passionate about the care and support of people affected by dementia. We know that the quality of life for people with dementia can be significantly enhanced with systemic caregiver training, systemic care pathways and a universal assessment and staging of the dementia process. This subcommittee will implement in-depth training for many team members who care for individuals with dementia. This training is comprehensive and is based on the Montessori Method of resident engagement. The subcommittee was trained by the National Leader of the Montessori Method, Dr. Cameron Camp.

The subcommittee learned outstanding ways and techniques to improve communication, improve assessments and improve how to better help people with dementia. This new dementia care philosophy is called *MY WAY*. The *MY WAY* philosophy will be introduced to our team members this fall. It will be the beginning of an impactful care delivery process that will render a higher quality of life for people with dementia.

Stay tuned for more details on *MY WAY* in the *Informer*.

Joe DiMinico, RN, Administrator was recently published in McKnight's. His article, [Culture Change: A tagline for yesterday's LTC improvements?](#), was published June 2016.

Congratulations to **Linda Dick, Emily Barr** and their teams of dedicated professionals at the HCE Rehab Cottage. We celebrated the 1st anniversary on July 20 with a delicious nacho bar and cake! Linda and Emily have worked very hard to make the Rehab Cottage a success, and they appreciate all of the support they have received from everyone involved!

I had the opportunity to spend time with my evening/night shift teams last week and came away energized and excited! We have such amazing team members who are committed to the goal of enhancing lives while the rest of us are sleeping. A special shout out to Amanda Scott who was "caught in the act" of reading a midnight story to an elder with dementia who just couldn't sleep! I am proud to lead such dedicated individuals, and know that together we do great things "Because We Care!"

In addition, our culinary staff has begun growing fresh herbs and vegetables to create the "farm to table" approach of dining where we can provide our residents with natural healthy food choices grown right here on site!

Enhancing Lives Through Exceptional Customer Care

Each month, we spotlight team members who exemplify our mission of enhancing the lives of aging adults.

Megan Lauffer, RN Hillcrest Health & Rehab

Megan receives many great comments from patients and team members about having an "I can" attitude. Patients are always happier when she is their nurse. Megan took on the responsibility of training team members on the assisted dining program. She supports her nurse techs by helping out with call lights and two assist cares. She provides great direction and the team members know what is expected of them. They also know if they need help, Megan is there to lend a hand. She is willing to work extra shifts and change shifts when needed.

- Kevin Sauberzweig, Administrator

Alysha DiMauro, RN, Home Care Nurse Hillcrest Home Care

Per Michelle Myers, HHC physical therapist, Alysha did an outstanding job taking care of a recent client on service. Alysha gave compassionately of her own time to stay with the client for an extra hour beyond her visit to allow the client's extremely overwhelmed spouse/caregiver to take a much needed break to spend some down time on a hobby. Talk about going the extra mile for her clients and their families!

- Krista Upson, Administrator

Kayla Rempe, Social Worker Hillcrest Hospice Care

Kayla Rempe assisted in making a wish come true for one of the hospice patients the team is caring for. The patient's desire was to meet Mark Farner, the former lead singer of the music group Grand Funk Railroad. Though she was not able to meet him in person, Kayla reached out to his agent and set up a 20 minute Skype opportunity for the patient, her daughter and friend to experience together. Thanks, Kayla, for reaching out and making this dream come true for this patient.
