Hillcrest Announces 4 New Locations

This is an exciting time in Hillcrest Health Services' history as we recently announced some expansion plans. Hillcrest is acquiring Huntington Park Care Center, which will be renamed Hillcrest Shadow Lake around July 1. Already several Hillcrest leaders are working closely with the Huntington Park team on transition plans.

The Huntington Park team is very excited to become part of our organization and we look forward to welcoming them into our Hillcrest family!

Plans were also announced for construction of three new "transitional care" locations outside Sarpy County. Transitional Care is used in other parts of the country as another name for post-acute rehab, and reminds patients and medical professionals that this service is designed to be very short-term, as patients transition from the hospital back to their homes or a lower level of care.

Hillcrest Firethorn will open by Fall 2017 in Lincoln's Firethorn area, just southeast of the city.

Hillcrest Millard will be located at 132nd Street and Westwood Lane, next to the Millard Library. We hosted a meeting for neighbors of the new Millard location and our plans were very well received. At the end of the meeting, one gentleman said, "Welcome to the neighborhood!" Construction should begin by the end of this year and Hillcrest Millard will open by the end of next year. A second Omaha location is still in the works.

These new additions to our services will create more than 300 new positions for our organization, which may provide additional opportunities for our team members.

Cottage Guide Receives NHCF Scholarship

On April 27, Andrea Friend, Cottage Guide at Hillcrest Country Estates, received the 2016 Social Service Designee Scholarship from the Nebraska Health Care Foundation (NHCF). The scholarship was presented to Andrea at the association's Spring Convention in Kearney.

"It has been wonderful to watch Andrea grow in her work with our elders, from elder assistant to cottage guide, and I am so proud to see her take her commitment to aging adults to the next level with this scholarship," said Cindy Klein, Administrator at Hillcrest Country Estates.

"Nebraska is filled with people like Andrea who are providing quality care to nursing facility and assisted living community residents every day. It is our pleasure to reward Andrea in this way," said Heath Boddy, President and CEO of NHCF.

NHCF was established in 1987 to help ensure there are an adequate number of trained professionals to care for residents of the state's nursing facilities and assisted living communities. Each year, NHCF awards more than 35 scholarships. For more information, please visit nehca.org.

Enhancing Lives - Exceptional Customer Care

From the Desk of Jolene Roberts

Dear Team Members,

Thank you to all the facility-based businesses that made Mother's Day events special for our customers. For some of our customers it was the only way the family could really celebrate their moms. So thank you!

I wanted to comment today on the announcements made in the early part of this month regarding the commitment for Hillcrest to grow the company. You may ask why and what motivates Hillcrest to become a national leader providing integrated services for aging adults (sound familiar - our Vision). Why is Hillcrest growing?

Health care for seniors in America is changing rapidly. Anyone know why? The bottom line is the baby boomer generation is here. It is not "coming soon" - it is *HERE* now.

Medicare has been the primary funding source since 1965 for those over age 65 living in America. Retirees over age 65 have spent their whole life expecting Medicare to provide the necessary care they need to age successfully. The U.S. will peak with retirees receiving Medicare benefits in about 20 years, meaning the next 20 years there will be a major consumption of Medicare paid health care for those over the age of 65 living in the U.S.

The government is requiring Medicare paid health care to be delivered at less cost to more people. Hillcrest is positioning itself to be the *KEY* player in the delivery of health care for aging adults in this market because

there is a need, and the bigger need is providing this care as efficiently and effectively as possible. We are doing this and will continue to do this during the next 20 years through an integrated system of various kinds of health care (inpatient, outpatient, and home care).

Therefore, with the addition of Hillcrest Shadow Lake in Papillion effective July 1, 2016, we will be adding over 100 lives to our health care system and over 100 members to our team. This skilled nursing facility (currently known as Huntington Park Care Center) has been serving Papillion aging adults since 1972. We have appreciated a cooperative working relationship with this facility for nearly 30 years. Now this facility will become part of the Hillcrest family. Stay tuned for further details on this transition and how this new member of our family will contribute to serving aging adults.

Last, but not least, summer is here. Please be mindful of consistent services for our aging adults. Plan your time off with your supervisor. Scheduled PTO always helps continuity of care!

BE GOOD TO ONE ANOTHER!

Papillion Days Parade

June 18, 2016 1:30-3:30 pm

The theme is "Patriotic Papillion" this year.

It is an exciting time at the Grand Lodge. We just marked the one year anniversary of our first residents moving in! With this year, we have seen many changes and we are happy to say that we are more than 90% occupied in our independent living, which opened first. We also have had many wonderful memory support and assisted living residents join our community since December.

Our residents recently volunteered to be our models for a 2-day photo shoot and had an amazing time, as you can see by these photos. Keep an eye out for their shining faces in our brochures and commercials! Thank you to everyone who was involved.

We would like to welcome **Kelli Ferrell, Marketing Assistant** for the Grand Lodge. Kelli has experience in marketing and sales, and brings positive energy to the Grand Lodge Team. She is pictured below with a Grand Lodge resident during our photo shoot. We are happy to have her on board!
